Man Yee You

Junior Frontend Web Developer

👤 Profile

Self-taught Junior Frontend Developer skilled in React, Next.js, TypeScript, and Tailwind CSS, building responsive, accessible, and performant interfaces. Shipped multiple portfolio projects (ericman.dev) with clean, reusable components, API integration, and Git-driven workflows; comfortable with Node.js fundamentals. Known for fast learning, precision, and teamwork—strengths honed through hands-on roles—eager to contribute to real-world products and grow within a collaborative engineering team.

★ Projects

Personal Portfolio Website (Next.js, TypeScript, Tailwind CSS)

– Built a responsive portfolio with SEO-friendly routing

– Implemented reusable components and clean layout structure

– Deployed using Netlify

Pokedex Web App(React, TypeScript, Tailwind CSS)

- Built a responsive Pokedex application that fetches and displays Pokémon data from a public API
- Implemented dynamic routing and reusable UI components for Pokémon detail pages
- Managed asynchronous data fetching and loading states using modern React patterns
- Focused on clean component structure, type safety, and maintainable code
